When you have seen your proofs you'll be in a better position to decide on your album, photobook, disc and prints combination so don't worry about needing to pay for everything now!

You may still wish to budget for your wedding DVD & prints anyway, so I have set out below some options for your consideration.

- Album prints start at £3.00 each.
- Digital images are priced from £2 to £15 each depending on the number of images you select.
- Specialist editing, like selective colouring, if requested by you, will be charged at £10.00 per image.

Please ask me for a price if you are thinking about having a printed coffee table style photobook, traditional album with interleaves a bespoke montage, thank you cards or a wedding canvas. These products are priced by size, so once you have measured up we can get to work.

Also enclosed is a list of photo suggestions, but as the timing of the events of the day is crucial, I have set out below some general timings to allow for the photo opportunities you require. I hope this helps.

- Getting dressed & detail shots – 30.00 mins for photos
- The groomsmen – 30.00 mins for photos
- Guests' arrival and venue shots – 30.00 mins for photos
